REPORT OF SCHOOL BOARD.

Ir appears that the major part of the people here feel that their whole duty is performed when they pay in to the Collector the tax assessed against them, and made obligatory by the laws of New Hampshire. If the half score of voters who attend the school-meetings do not do everything to please them, they are either surprised that the few poor mortals should dare to rob them by the appropriations made, or else they wash their hands and in horror cry out, "I didn't go to make a fool of myself." If it is any one's duty to take an interest in schools, it is every one's duty. Rich or poor, so long as you live anywhere, you are in duty bound to see that all needed reforms and measures are carried on to a successful issue, and that the public funds are advantageously expended. We owe to the rising generation at least what the law allows them, and an education is one of the first on the list. You know this; you believe this. Will you take hold and help do this?

Parents and guardians are responsible for nearly all the absent and tardy marks found on our Registers. Many complain of the schools and lack of advantages in our small towns, but who among you do what you can to properly use and improve what you have? Do you take the care you should to see that your children are ready for school, and get there in season? Do you impress upon them the truth, that their time in the school-room improved is worth more to them than any thing that money can buy? Do you want the Board of Education to appoint truant officers to assist you in keeping your children in school? Come out to the meetings and take your part. Tell us how to improve; we can see how we fail;

prove to every one that you have an unselfish interest in the improvement of this land of ours, and learn what it is to "practice what you preach." Let us give every scholar that attends school a comfortable room and as healthful and convenient seats as they find any where, not forgetting helps which, in the school room, are as important as good ploughs, mowing-machines, etc., on your farms, or sewing-machines and stoves in the house. Furnish proper quarters, good tools and honest workers, and you will have little reason to complain of the work, or to regret the expense.

In Division No. 1, we have had 24 weeks of school. The securing of Mr. W. R. Andrews for the entire school-year made a success of the school so far as possible, but the absent and tardy marks show a loss of 30 per cent. to the Division.

Division No. 2 had but 19 weeks during the year. Miss Maytie Jackway proved that she had made no mistake in her work, and we regret that she was obliged to leave the Fall term after eight weeks of success. Miss Eva Butterfield was employed to finish the term, but ill health obliged her to leave the school after two weeks. This is the banner school in prompt attendance, about half the scholars being on the Roll of Perfect Attendance.

Division No. 3 had 22 weeks, and Miss Minnie Higgins was employed both terms. The deportment of this school was not satisfactory at first, but improvement was made through the entire year. With a small outlay for finish, this school-room will be in good condition, and the repairs made last season will be lasting.

We have schooled 84 pupils the past year,—quite an increase over former ones. The expense to the District has been \$502.55; the cost of supplies furnished by town is \$25.25; \$300 raised by special tax has been expended on the school-house at South Stoddard. The cost per capita is \$6.28; \$55 of our school funds have been paid for carrying scholars, or tuition in Antrim and Sullivan, as more economical.

For fuel, cleaning, and small repairs and supplies, \$20.05. Paid teachers, including board, \$421. Div. 1, teachers' wages, \$28. Divs. 2 and 3, wages, \$24. After deducting the cost of seven weeks' school, to which Divs. 2 and 3 are entitled, and furnishing needed wood as estimated, the treasury will have about \$30 for the coming year.

On the Roll of Perfect Attendance, we find:

Bertha Cutter,	Eva G. Abbott,	John Howe.
Leon J. Cutter,	Lucretia Abbott,	George Waters,
Pearl E. Dodge,	Carl D. Abbott,	Alvah Jefts,
Relta E. Ashford,	George Corey,	Mary L. Kiblin,
Wilmer Reed,	Gracie Davis,	David McClure.
Myra E. Abbott,	Willie Howe,	

In prompt and regular attendance, Div. 2 is first; Div. 3 is second; and Div. 1 is third.

That marked improvement may be in the immediate future, we hope, and to that end we solicit your aid.

Respectfully submitted by your servant,

E. B. DODGE, Chairman Sch. B'd.
